CRS-1pm  
LLE-2:15pm

**October 8, 2021**

## Week of Respect

This week CRS and LLE celebrated the "Week of Respect." The "Week of Respect" helps students learn how to create safe and accepting learning environments for all. The students will be participating in age appropriate lessons all throughout October that focus on respect as well. We had a fun spirit day each day this week. Monday was let's be bully free from our head to our toes. The students and staff were allowed to wear crazy hats and socks. Tuesday was pajama day! We want everyone to feel comfortable at school. On Wednesday CRS and LLE donated non-perishable food to help support a local food pantry. On Thursday CRS had fancy picture day because kindness is classy, while LLE had pride day by wearing Demarest red and white. Finally, on Friday LLE had fancy picture day because kindness is classy, and CRS had a Demarest pride day. On October 28th, all students at LLE and CRS will be participating in a live virtual assembly with Brian Williams, the founder of "Think Kindness." Thank you to Mrs. Spence for putting such a great week together!

## **Spotlight on Kindergarten**

The Kindergarteners have had a very busy start to the year. This week we worked on letter Gg. This week also being the Week of Respect, the students heard a read aloud of The Rainbow Fish. The story taught the children that sharing can make us happy, and make others happy as well. The students also enjoyed making their own sharing Rainbow Fish as well. Lastly, since the month of October is Fire Safety Month the students in Kindergarten have been talking about how to keep safe during a fire, having an escape plan, and many other skills. It has been a great start to the year!
